

**PUBLIC NOTICE**  
**MOE TOWNSHIP**

By this notice all residents of the twp. are advised that Moe Twp. now has a policy covering the twp's liability with regard to mailboxes and/or their supports as may become damaged or destroyed during the twp's winter snow plowing activities. Although the equipment operators attempt to use care when plowing, mailboxes &/or their supports still could incur damage, usually from the weight of snow flying off a plow as opposed to direct contact by a plow. Effective 2/1/2010 (date township Resolution #2010-01 was adopted) the twp. will not consider claims for mailbox and/or box support damage or destruction unless the mail box & an approved, properly assembled, located & installed swing-away type support were in use at the time of the damage. Such supports are available for purchase at the Douglas County Public Works Dept.

For a copy of the complete resolution contact:

Wayne Becker  
Clerk, Moe Township
